ABOUT THE CONFERENCE (SABCD-2022)

Sustainable development is sustaining the ability of natural systems to provide the natural resources and ecosystem services on which the economy and society depend. It can be ensured through smart agriculture practices and conserving biodiversity. Smart agriculture through advanced technologies like Internet of Things, location systems, robots and artificial intelligence can enhance the quality and quantity of the crops while optimizing the human resources on farms. Although India has only 2.5 percent of land area, it has a large and diverse pool of plants and microbes which accounts for 7.8 percent of recorded species in the world. Biodiversity is being lost due to the loss of habitat, over-exploitation of resources, climatic changes, pollution, invasive exotic species, diseases, hunting, etc. Since it provides us with several economic and ethical benefits and adds aesthetic value, it is very important to conserve biodiversity. In view of these facts the Agricultural Technology Development Society, Ghaziabad, Shobhit Deemed to-be-University, Meerut, Jaipur National University, Jaipur, Rajasthan, India and Department of Horticulture, J. V. College, Baraut, UP in collaboration with Swami Keshwanand Rajasthan Agricultural University, Bikaner, Rajasthan, SNRM, CPGS-AS, Central Agricultural University, Umiam, Meghalaya, ICFRE- Forest Research Centre For Eco-Rehabilitation, Prayagraj, UP, RO, Coconut Development Board, Patna, Bihar (Government of India), Bihar Agricultural University, Patna, Bihar, Department of Horticulture, College of Agriculture, RVSKVV, Gwalior, MP, Soil, Water and Environment Research Institute, Giza, Egypt, Department of Horticulture, CCS University, Meerut, UP, International Association for Promoting Geoethics, Kathmandu, Nepal, National Gladiolus Trust (NGT) Jammu, J&K, Samagra Vikas Evam Paryavaran Sanrakshan Samiti, Prayagraj, UP and Rural and Education Development Society, Meerut, UP is jointly organizing 5th international Conference on 'Advances in Smart Agriculture and Biodiversity Conservation for Sustainable Development (SABCD-2022) on date 04-06 March 2022 at Conference Hall, Jaipur National University, Jaipur, Rajasthan, India.
