FIELDWORK by the STUDENT'S in DIFFERENT NGOs

- 1.RASACS- Rajasthan State AIDS Control Society**
- 2.SSESS- Sarthak Samajik Evam Shodh Sansthan**

SOCIAL RECOGNITION BY NGO

Dear Sandeep,

It was indeed a pleasure to have ten of your students as volunteers along with their supervisor. Dr Achala Sharma twice a week from July to Nov 14. I would like to appreciate the systematic and organised manner in which the entire placement was organised. It was a great help to have Achla Jee, as she kept the attendance, constantly supervised the volunteers and we could plan with her whenever we required special help. We would be glad to have your students again any time. I would like to share an episode about your students that will really make you proud of them. last week there was an accident just outside our school, nobody knew the victim and people stood around doing nothing. your students immediately rushed to the spot and called 108 and got an ambulance, informed the victims family and waited till the ambulance took the victim to the hospital. According to me this is the true education and not just passing exams. I would like to congratulate each and everyone who built these values in them.

**we look forward to association with you in many more activities in future.
with regards**

**Ms Deepak Kalra
Director
Umang NGO**
