15th CONVOCATION - BATCH 2025

“The future belongs to those who believe in the beauty of their dreams.”

— Eleanor Roosevelt

LIFE @ JNU

CONVOCATION

C. P. Radhakrishnan

Hon'ble Vice President
Republic of India

I am pleased to know that the Jaipur National University, Jaipur is organizing its 15th Convocation on 14 February, 2026 and a souvenir is also being brought out on this occasion.

The Convocation marks an important milestone in the academic journey of the graduating students and reflects the university's continued commitment to excellence in higher education. As India advances on its transformative and inspirational journey towards Viksit Bharat @ 2047, institutions of higher learning such as Jaipur National University play a crucial role in nurturing skilled, enlightened, and responsible citizens.

I commend the faculty members and staff of Jaipur National University, Jaipur for their dedicated efforts in fostering academic excellence and holistic development. I extend my heartiest congratulations to all graduating students and their proud parents on this momentous occasion, and wish the graduates every success in their future endeavours.

C. P. Radhakrishnan

Dharmendra Pradhan

Minister of Education
Government of India

I am happy to know that Jaipur National University, Rajasthan is going to organise its 15th Convocation on 14th February, 2026 and to mark this occasion, a Souvenir is being brought out.

The Jaipur National University has consistently contributed to higher education through its emphasis on academic excellence, research, innovation and value-based learning. I am sure, the graduating students will uphold the ideals nurtured at the Institute and contribute meaningfully to nation-building and global progress.

I wish the graduating students a rewarding future and extend my best wishes to Jaipur National University for its continued growth and excellence.

Dharmendra Pradhan

Dr. Prem Chand Bairwa

Deputy Chief Minister
Government of Rajasthan

I am glad to know that the Jaipur National University, Jaipur is going to organize its 15th Convocation Ceremony on February 14, 2026. On this occasion, a Souvenir is also being published. Convocation stands as a Milestone, etching indelible memories in the tapestry of a student's life. This ceremonious day signifies the culmination of a transformative journey. Where the institution acknowledges and celebrates the unique contributions of each student by conferring upon them a well-earned degree. The echoes of this momentous occasion resonate through the corridors of time, becoming a cherished treasure that accompanies the graduate throughout their life's voyage.

I express my sincere hope that the University will steadfastly uphold its commitment maintaining exemplary standards in teaching and research. It is my fervent wish that the institution will continue to dedicate itself wholeheartedly to the noble mission of not only imparting knowledge but also fortifying transformative experience nurtures. For young minds it nurtures. I extend my good wishes to all the degree recipients for their hard earned degrees and honour, and also wish the 15th Convocation of Jaipur National University, Jaipur a grand success.

Dr. Prem Chand Bairwa

Diya Kumari

Deputy Chief Minister
Government of Rajasthan

जयपुर नेशनल यूनिवर्सिटी, जयपुर में दिनांक 14-02-2026 को आयोजित होने वाले 15 वें दीक्षांत समारोह के अवसर पर सभी शिक्षकों, विद्यार्थियों, अभिभावकों, विश्वविद्यालय प्रशासन व अधिकारियों को बहुत-बहुत बधाई और शुभकामनाएं। यह हर्ष का विषय है कि इस अवसर को यादगार बनाने हेतु एक जानकारीयों से परिपूर्ण स्मारिका का प्रकाशन किया जा रहा है। जयपुर नेशनल यूनिवर्सिटी द्वारा अल्प समय में शिक्षा, चिकित्सा, अनुसंधान और नवाचार के क्षेत्र में प्रतिष्ठा अर्जित की गई है वह सराहनीय है। तकनीकी, व्यावसायिक, चिकित्सा एवं सामाजिक विज्ञान सहित विविध क्षेत्रों में प्रदान की जा रही पाठ्यक्रमों की शिक्षा न केवल ज्ञान, नेतृत्व, नैतिकता और राष्ट्रहित की भावना से भी सराबोर कर रहे हैं। दीक्षांत समारोह सिर्फ एक डिग्री प्राप्त करने का क्षण नहीं बल्कि उस उड़ान की शुरुआत है, जहां सपनों और लक्ष्यों को दिशा, मेहनत को पहचान और साहस को ठोस अवसर मिलता है। यह वह अवसर है जहां छात्र में नेतृत्वकर्ता बनने की यात्रा शुरू होती है और हर कदम आने वाली चुनौतियों के लिए तैयार करता है, कर्तव्य और योगदान का संकल्प दिलाता है। मैं सभी उपाधि प्राप्त करने वाले विद्यार्थियों को बधाई देते हुए अपेक्षा करती हूं कि वे अपने ज्ञान और कौशल का उपयोग समाज, राज्य और राष्ट्र की प्रगति में करेंगे तथा अपने कार्यों से विश्वविद्यालय, गुरुजनों, परिवार और देश का नाम रोशन करेंगे। मैं आशा करती हूं कि जयपुर नेशनल यूनिवर्सिटी भविष्य में भी शिक्षा और सेवा के क्षेत्र में नई उपलब्धियां स्थापित करती रहेगी। यह आयोजन नव विद्यार्थियों के लिए प्रेरणास्रोत बनेगा। यह प्रकाशन अपने उद्देश्यों को प्राप्त कर इसी मंगलकामनाओं के साथ एक बार आयोजन समिति, विद्यार्थियों और आप सभी को पुनः बधाई।

Chancellor's Communique

The biggest adventure you can ever take is to live the life of your dreams.

.....Oprah Winfrey

Dr. Sandeep Bakshi

Chairperson
Jaipur National University, Jaipur

“What lies ahead of you is not a path already drawn, but one that will take shape with every choice you make.”

Convocation signifies the formal culmination of a rigorous academic journey and commencement of a larger public responsibility. The degrees and diplomas conferred today affirm not only scholastic achievement, but also readiness to engage with the wider world with competence, integrity and judgment.

The purpose of higher education extends beyond professional preparation. It is to cultivate clarity of thought, discipline of mind, and a commitment to ethical conduct. As you enter a rapidly evolving global landscape, you will be required to navigate complexity, exercise reason, and make decisions whose impact extends beyond the self.

Progress is sustained through consistency of effort, respect for knowledge, and the ability to respond constructively to challenge. You are encouraged to think independently, act responsibly and remain anchored in values that endure beyond circumstance. Errors will occur; learning from them with discernment and resolve will define your growth.

Your alma mater remains invested in your journey. It will measure success not merely in distinction achieved, but in the character demonstrated and the contribution made to society. Continued engagement with the institution and its community strengthens both individual purpose and collective advancement.

The nation requires professionals and leaders who combine expertise with accountability, ambition with service and innovation with conscience. May your work, in whatever domain you choose, reflect these principles and contribute to the strengthening of our institutions and society.

I extend my best wishes for a life guided by reason, responsibility and purpose.

Dr. Sandeep Bakshi

Prof. H.N. Verma

Pro-Chairperson
Jaipur National University, Jaipur

On this momentous occasion of XVth Convocation, the University will celebrate the hard work, dedication, and outstanding achievements of its graduating students across a wide range of programs, including Bachelor's, Master's and Ph.D.

It is with great pleasure that I extend my warmest congratulations to the graduating students. May this milestone mark the beginning of a lifelong journey of discovery, growth, and success.

As you stand at the threshold of a new chapter, remember that the pursuit of knowledge is a lifelong journey. May you continue to seek wisdom, push boundaries, and make a meaningful impact in the world.

As Nelson Mandela once said, "The greatest glory in living lies not in never falling, but in rising every time we fall." May you face challenges with courage, and may you rise above them with strength and resilience.

Each one of you has worked diligently to reach this moment, supported by your families, mentors, and the dedicated faculty of the University. Your success reflects not only personal determination but also the values and academic rigor upheld by Jaipur National University.

I wish you all a future filled with purpose, achievement, and success and extend my heartfelt congratulations to all of you, and wish all the best for a bright and secured future.

Prof. H.N. Verma

Dr.(Prof) Sudhir Bhandari

Sr. Professor & Pro Chancellor
Jaipur National University (JNU)
Institute for Medical Sciences, Jaipur

On the occasion of the 15th Convocation, I extend my heartfelt congratulations to all our graduating students who today stand at the threshold of a new and meaningful professional journey. This milestone represents not merely the completion of an academic phase, but the beginning of a lifelong commitment to learning, service, integrity, and responsibility toward society.

At Jaipur National University of Medical Sciences, we firmly believe that medical education must continuously evolve to meet the dynamic needs of patients, communities, and healthcare systems. Over the past year, the University has undertaken focused initiatives to strengthen academic rigor, enhance clinical training, foster a robust research culture, and integrate modern, state-of-the-art healthcare delivery and management practices. These efforts reflect our unwavering commitment to excellence in medical education.

Our emphasis extends beyond the acquisition of knowledge to the cultivation of critical thinking, ethical judgment, compassion, and leadership. We aspire to nurture doctors and specialists who are clinically competent, academically sound, research-oriented, and socially sensitive—professionals capable of adapting to rapid scientific advancements while remaining deeply rooted in human values.

As you step forward into the professional world as medical graduates and specialists, remember that the privilege of this noble profession carries immense responsibility. The skills and values you have acquired must translate into meaningful service to humanity, consisting not only of technical expertise but also empathy and integrity. Let compassion guide your decisions, honesty define your actions, and excellence remain your lifelong pursuit.

The University takes immense pride in your achievements and remains confident that you will uphold the values and vision of this institution wherever you serve. May you contribute positively to healthcare, advance medical science, and work tirelessly for the betterment of mankind.

I wish you success, wisdom, and fulfillment in all your future endeavors.

Dr. (Prof) Sudhir Bhandari

Prof. (Dr.) R. L. Raina

Vice Chancellor
Jaipur National University, Jaipur

Warm Greetings to the Graduating Cohort on this Convocation Day!

It is with great pride and joy that I extend my heartfelt congratulations to the graduating students on the auspicious occasion of the Convocation Ceremony. This moment marks not an end, but a meaningful transition from structured learning to responsible action, from aspiration to contribution. Our ancient tradition reminds us that education is not merely the accumulation of knowledge but the shaping of character *sa vidyā yā vimuktaye*. As you receive your degrees today, remember that true education must be guided by values, compassion, and a sense of duty towards society. This event marks the culmination of rigorous academic engagement and the beginning of a new phase of professional and social responsibility. Jaipur National University has remained steadfast in its mission to provide quality higher education through academic excellence, research orientation, innovation, inclusivity, and social commitment. The University has consistently focused on outcome-based education, learner-centric pedagogies, interdisciplinary learning, and the integration of ethics, sustainability, and community engagement into its academic processes. Our curricula are designed to be relevant, flexible, and responsive to contemporary academic and societal needs. The University encourages research, innovation, and extension activities that address local, national, and global challenges and is continuously investing in infrastructure, learning resources, and digital initiatives to support academic excellence. As graduates of Jaipur National University, you are expected to embody the knowledge, skills, ethical values, and social sensitivity fostered during your academic journey. I urge you to apply your learning responsibly, uphold professional integrity, and contribute constructively to nation-building and global citizenship. I express my deep appreciation to the faculty, staff, parents, and all well-wishers who have been proactive partners in your academic journey. Their silent dedication stands reflected in your achievements.

I wish each graduating student a life of purpose, integrity, and fulfillment. May you uphold the honour of this University and emerge as responsible Samaritans, thoughtful leaders, and humane professionals in whichever path you choose.

Prof. (Dr.) R. L. Raina

Dr. Preeti Bakshi

Executive Director
Jaipur National University, Jaipur

Dear Graduates,

Today is not merely the conclusion of an academic chapter—it is the beginning of a purposeful journey. As you stand at this threshold of new possibilities, take pride in how far you have come and courage in the path that lies ahead. Each one of you carries the strength of learning, the power of discipline, and the promise of growth.

At Jaipur National University, we have always believed that true education empowers you to think independently, act ethically, and serve society with responsibility. As you move forward, remember this mantra for success: Stay curious, remain committed, and act with integrity. Knowledge will open doors, perseverance will keep them open, and values will define how far you go.

Life will challenge you, sometimes unexpectedly. In those moments, do not fear failure—embrace it as a teacher. Be resilient in adversity, humble in success, and grateful in every phase of life. Let discipline shape your habits, compassion guide your actions, and purpose give meaning to your efforts.

Measure your success not only by what you achieve, but by who you become in the process. Lead with empathy, work with dedication, and never stop learning. When your skills are aligned with sincerity and service, excellence naturally follows.

Step into the world with confidence and clarity. Believe in your potential, trust your preparation, and remain true to your values. The future belongs to those who dare to dream, work with determination, and walk the path of righteousness.

May your journey be guided by wisdom, strengthened by perseverance, and enriched with meaningful success.

With best wishes,

Dr. Preeti Bakshi

Akansha Bakshi

Director
Jaipur National University, Jaipur

Dear Graduates,

Today marks not merely the completion of your academic journey, but the beginning of a new chapter—one filled with promise, purpose, and endless possibilities. We extend our heartfelt congratulations to each one of you on this remarkable achievement.

At Jaipur National University, we believe that true education goes beyond classrooms and curricula. It is about shaping character, nurturing resilience, cultivating values, and building the confidence to lead with vision and integrity. As you step into the world beyond the university, remember that the future belongs to those who dare to think differently, act boldly, and strive for excellence.

The world you are entering is dynamic and ever-evolving, filled with opportunities as well as challenges. Embrace both with courage and wisdom, for challenges are not obstacles—they are opportunities for growth and transformation. Carry forward the knowledge, values, and experiences you have gained here, and let them guide your journey.

As proud alumni of Jaipur National University, you now hold the power to inspire change, create impact, and shape a better tomorrow. Move forward with passion in your hearts, integrity in your actions, and purpose in your vision. Dream big, stay curious, keep learning, and never stop believing in your potential.

We wish you a life filled with success, fulfillment, and meaningful achievements. May your journey ahead be extraordinary in every way.

With best wishes for your future,

Akansha Bakshi

UDTE BHARAT KI PEHCHAAN – JNU

#indiaByJNU

JNU AT A GLANCE

Jaipur National University, Jaipur is a premier institution committed to quality education, academic excellence, and industry readiness. Established on **22 October 2007** by an ordinance of the Government of Rajasthan, the University offers a research-driven learning environment that fosters creativity, innovation, and academic freedom.

With one of the largest and most comprehensive campuses in Jaipur, JNU blends **traditional values with a forward-thinking approach** to education. The University offers a wide range of **UG, PG, and doctoral programs** across Engineering, Computer Sciences, Pharmacy, Law, Management, Life & Basic Sciences, Allied Health Sciences, Medical, and Social Sciences, supported by modern infrastructure and experiential learning.

Through contemporary curriculum, innovative pedagogies and global academic partnerships, JNU nurtures young minds to become responsible professionals and meaningful contributors to society.

Academic Excellence

Jaipur National University (JNU), Jaipur has established strong benchmarks in **higher, technical, and medical education**, earning recognition as one of the leading universities in Rajasthan. The University offers a wide spectrum of academic programs designed to deliver excellence through a balanced blend of theoretical knowledge and practical exposure.

Committed to inclusive education, JNU offers **scholarships worth ₹83 lakhs**, ensuring that financial constraints do not limit talent and ambition. Skill development initiatives, workshops, and mentorship by industry professionals equip students with the confidence and competencies needed to succeed in the real world.

Academic Infrastructure

JNU provides a robust academic ecosystem supported by a **fully Wi-Fi-enabled campus, 1,500+ computer systems, and 158 well-equipped laboratories across disciplines**. Multiple **auditoria and libraries spread across four campuses** ensure seamless access to academic resources, research support, and collaborative learning spaces.

Vibrant Campus Life & Student Development

Life at JNU is dynamic and enriching, fostering holistic personal and professional growth. The campus houses a **well-stocked central library, state-of-the-art IT laboratories, and modern auditoria with seating for over 500**, serving as hubs for academic and cultural engagement. Comfortable hostels, quality mess facilities, and a lively cafeteria create a strong sense of community and belonging.

Industry Interface & Research Excellence

Strong corporate linkages provide students with excellent career exposure through **guest lectures, workshops, internships, and industry interactions**. A vibrant research ecosystem promotes **interdisciplinary collaboration**, national and international partnerships, and innovation aligned with **NEP 2020**, emphasizing experiential and student-centric learning.

Medical and Healthcare Education.

JNU Hospital & Medical College (JNUIMSRC), a constituent unit of the University, stands among the leading private medical institutions in Rajasthan. With world-class infrastructure, advanced technology, and experienced faculty, it trains over **250 skilled doctors annually** and actively contributes to community healthcare through outreach programs.

Supported by accredited programs, experienced faculty, and excellent connectivity by air, rail, and road, Jaipur National University continues to nurture ethical, skilled, and future-ready professionals.

University Publications

INROADS – An International Journal, is published by the University. There are two issues per year. Print ISSN Number – 2277-4904 and Online ISSN Number – 2277-4912. It is Indexed/Listed in the following : – EBSCO Discovery, – I n d i a n Science Abstracts, – J-Gate and – Summon (Proquest).

RADIANCE MAGAZINE – Radiance is published primarily to showcase the talent of students by writing articles. Radiance is a result of fiery imagination, an in-depth coverage and a collection of expedient articles from students and their mentors. In keeping with it’s name, Radiance’s exuberance is evident by the sharp and incisive reflection of the contributions. Radiance offers a plethora of insights into a much happening, budding and growing JNU Campus.

JNU NEWSLETTER – The JNU Newsletter ‘**Just In**’ is published by the Seedling School of Media Studies in which we include the various activities of the University.

ENTREPRENEURSHIP DEVELOPMENT & INCUBATION CENTRE

Empowering Innovation. Enabling Start-ups.

Jaipur National University's Entrepreneurship Cell (E-Cell) and Incubation Centre serve as a dynamic platform for aspiring innovators, student entrepreneurs, and early-stage start-ups. Designed to nurture ideas with guidance, mentoring, modern infrastructure, and industry exposure, the Centre enables students to transform concepts into successful ventures.

The Entrepreneurship Development & Incubation Centre (EDIC) at Jaipur National University is officially recognised by the Ministry of Micro, Small & Medium Enterprises (MSME), Government of India.

EDIC actively nurtures innovation and entrepreneurial thinking by organising a wide range of activities, including:

- ▶ Hackathons
- ▶ Ideathons
- ▶ Startup Bootcamps
- ▶ Innovation Challenges
- ▶ Entrepreneurship Quizzes & Competitions

Through these initiatives, the centre provides students with a dynamic platform to showcase their creativity, develop practical solutions, and gain real-world entrepreneurial exposure.

Key Facilities & Support Services

Pre-Incubation Support

- ▶ Idea evaluation & concept validation
- ▶ Entrepreneurship awareness programs
- ▶ Bootcamps, hackathons, and innovation challenges

Incubation Support

- ▶ Co-working & infrastructural support
- ▶ Business model development
- ▶ Guidance on funding, investor pitching, and prototype refinement
- ▶ Networking opportunities with industry experts

Mentoring & Advisory Network

- ▶ Expert mentors from industry, academia, and startup ecosystems
- ▶ Regular sessions on finance, marketing, product development & scaling
- ▶ Exposure to successful entrepreneurs through talks and masterclasses

Funding & Investor Connect

- ▶ Assistance in drafting proposals for government grants
- ▶ Access to angel investors & venture capital networks
- ▶ Opportunities to showcase projects at university events and national platforms
- ▶ Eligibility guidance for government schemes like:

- ▶ Startup India
- ▶ MSME Support
- ▶ DST/DBT Funding
- ▶ AICTE/UGC Innovation Grants

5 Monetized JNU Startups Selected for Pitching

S.No.	Founder Name	School / Course	Idea / Startup Name
1.	Shujaat Ali	School of Engineering & Technology	PET BOTTLE SCRAP
2.	Bhanwar Lal	School of Computer & System Sciences	Purepenanut Healthy Peanut Butter for Everyone
3.	Krish, Sarvesh, Pradeep	Seedling School of Law and Governance	Valentara Perfumes
4.	Rajshree Jadaun	School of Life and Basic Sciences	Biofilm Buster: Plant-Powered Roll-On for UTI Prevention
5.	Ruchika Bhadani and Abhishek	School of Life and Basic Sciences	Carbon Capture

Clubs & Societies

The University organizes a range of extracurricular activities through various clubs and societies that stimulate the creative talent of its students.

▶ YOUNG READERS AND WRITERS CLUB

Whether you're an avid reader, an aspiring poet, a budding author, or someone who simply loves to express through writing, **Young Readers and Writers Club** at Jaipur National University offers a space to share, create, and grow. Through book discussions, creative writing sessions, storytelling circles, poetry slams, and literary contests, the club nurtures imagination, critical thinking, and effective communication.

Turning Thoughts into Stories.

▶ LENS QUEST –PHOTOGRAPHY CLUB ◀

LensQuest – The Photography Club at Jaipur National University is a creative community for students passionate about capturing the world through the lens. The club provides a platform for budding photographers to explore various genres—portrait, wildlife, street, documentary, fashion, and event photography—while honing technical and storytelling skills. LensQuest encourages visual expression and helps students frame moments that matter.

Framing Moments, Capturing Stories!

▶ GO GREEN CLUB-ECO GREEN CLUB

Go Green Club – Eco Green Club at Jaipur National University is a student-led initiative committed to promoting environmental awareness, sustainability, and eco-friendly practices on campus and beyond. The club encourages green thinking through activities like tree plantation drives, cleanliness campaigns, recycling initiatives, sustainable living and workshops.

Grow Green, Breathe Clean!

▶ ABHIVYAKTI CLUB – CULTURAL CLUB

At Jaipur National University, **Abhivyakti** – The Cultural Club is a vibrant platform that celebrates the artistic, cultural, and creative expressions of our students. Rooted in the belief that holistic development goes beyond academics, Abhivyakti provides students with opportunities to explore their talents, showcase their heritage, and connect through shared passion.

Framing Moments, Capturing Stories!

Built to Compete. Trained to Win.

JNU KNIGHTS – THE SPORTS CLUB

JNU Knights – The Sports Club is the heartbeat of athletic spirit and sportsmanship at Jaipur National University. The club encourages students to actively participate in a wide range of sports including cricket, football, basketball, volleyball, badminton, athletics, and more through regular tournaments, training sessions, and inter-university competitions.

▶ UNICORN CLUB- THE TECHNICAL CLUB

Unicorn Club – The Technical Club at Jaipur National University is a vibrant hub for aspiring innovators, coders, creators, and future entrepreneurs. The club is dedicated to nurturing a culture of innovation, critical thinking, and startup mindset among students across disciplines. From hackathons, coding challenges, and technical workshops to idea-pitching events, incubation support, and startup mentorship, UNICORN Club empowers students to transform concepts into prototypes and innovations into ventures.

Innovate. Build. Lead!

▶ NSS and NCC

University has NSS and NCC programmes which are well known for their services to mankind and society. Regularly campus, awareness workshops and other activities are organized to inculcate the values of life in the minds of young generation.

Accordingly, the University has taken all appropriate steps to provide facilities for the benefit of students. Scholarships and freeships are awarded to the students based on merit and merit-cum-need basis.

Latika Rathore (Ba.LLB 2nd Semester) 2nd position

Recipe Competition For Celiac Patients

Our M.Sc. Clinical Nutrition 3rd Sem student got 3rd Prize in the Recipe Competition For Celiac Patients and B.Sc. Clinical Dietetic 1st Sem student got 1st Prize for the same and one more student from BCD 3rd Sem secured 1st Position in the Poster Competition. The event was organised in collaboration with the Indian Dietetics Association, Rajasthan Chapter, NetProFan and Neo Clinic

**Student's Visit To
Rajasthan Vidhan Sabha**

A group of selected students from the School of Media Studies visited the Rajasthan Vidhan Sabha and witnessed the proceedings of the ongoing Budget Session. Students also interviewed six ministers in attendance. As part of the visit, the students also presented the ministers with a book titled Contours of Change: Constitutional Reforms, published by the School of Media Studies.

DST Sponsored Workshop At JNU

Prof. Mukesh Pandey (Honorable Vice Chancellor, Bundelkhand University, Jhansi) met with the students of Team Jhansi (who participated at DST sponsored Workshop at JNU). They shared their experiences with the VC sir . We also got a request from the VC office to organize one more workshop together.

Anti-Ragging Awareness Skit

The School of Allied Health Sciences, Jaipur National University is organizing an Anti-Ragging Awareness Skit to promote a safe, respectful, and inclusive learning environment for all students. Their skit aimed to spread awareness about the harmful effects of ragging, students' legal rights, and the importance of mutual respect on campus.

BLS Training Workshop on the occasion of World Cancer Day 2026

The School of Allied Health Sciences, Jaipur National University, in collaboration with SMS Hospital, Jaipur, organized a Collaborative BLS Training Workshop on the occasion of World Cancer Day 2026, titled **Life-Saving Skills in Action**.

Blood Donation Camp, September 22, 2025

The School of Pharmaceutical Sciences, Jaipur National University, organized a Blood Donation Camp, as a part of its health and medical outreach initiatives. Students, faculty, and staff actively participated in this noble cause and contributed to community health and welfare.

Guest Lecture on “AI in Industry” by Dr. Joseph Emerson Raja, November 12, 2025

The Department of Biomedical Engineering, Dr. D. Narendhar Singh, Associate Professor at Anurag University Hyderabad, delivered a Guest Lecture. The lecture highlighted the role of Artificial Intelligence and Machine Learning in advancing biomedical applications. Students gained a deeper understanding of how AI and ML are revolutionizing medical data analysis, diagnostics, and healthcare innovation. The session was highly interactive and appreciated by the attendees.

World Pharmacist Day, September 25, 2025

The School of Pharmaceutical Sciences celebrated World Pharmacists Day at the Seminar Hall, New Building. The event commenced with enthusiastic participation of students and faculty members. The program highlighted the crucial role of pharmacists in healthcare, patient counseling, and community service. Various activities, including awareness talks and interactive sessions, emphasized the theme of the day and inspired budding pharmacists to contribute to society with professionalism and compassion.

CPR Training of General Public and Community, October 10, 2025

The Doctors of Jaipur National University Institute for Medical Sciences and Research Centre are committed to train general public and community at large in basic CPR techniques. As a part of our CSR, the doctors also visit hotels, institutions and communities to train people.

Technorazz 2025, Sep 29, 2025

Health Check-up Camp, September 26, 2025

The School of Pharmaceutical Sciences, in collaboration with JNU Institute of Medical Sciences & Research Centre (JNUIMSRC), successfully organized a Health Check-up Camp at Ghata Village, Bassi Tahsil, Jaipur. An initiative aimed to promote community health and raise awareness about preventive healthcare among rural populations.

A dedicated team of doctors, pharmacists, and healthcare professionals conducted free medical consultations, basic diagnostic tests, blood pressure and blood sugar monitoring, and guided lifestyle modification. Essential medicines were also distributed to patients as per requirement.

Guest Lecture on Legal Start-Ups-Linkedin and Internships, September 22, 2025

The Seedling School of Law and Governance organized a highly informative guest lecture titled "Legal Start-ups, LinkedIn and Internships". The session featured Mr. Anuj Gupta, Founder and CEO of Vidhi Sanskaar and Founding Partner and Advisor – Cipher X, as the guest speaker. His insights provided students with a comprehensive understanding of the legal and ethical frameworks essential for launching a successful business. The lecture highlighted the critical steps involved in starting a business, emphasizing that legal compliance and ethical conduct are key to long-term sustainability. It began with the importance of conducting thorough market research to validate business ideas and identify target customers. Mr. Gupta outlined the significance of selecting an appropriate business structure such as a sole proprietorship, partnership, LLC, or corporation since this choice affects liability, taxation, and regulatory obligations. He also discussed about the creation of LinkedIn beneficial for CV and also discussed about relevance of doing internships.

Industrial Visit – Hotel Oberoi Rajvilas Resort Jaipur, September 17, 2025

The School of Hotel Management & Catering Technology, Jaipur National University, successfully organized an Industrial Visit to the prestigious Oberoi Rajvilas Resort, Jaipur on 17th September 2025. The visit provided students with valuable exposure to world-class hospitality operations, luxury service standards, and departmental functioning of a leading resort property. Students interacted with professionals, gained insights into the workings of different hotel departments, and observed the meticulous attention to detail that defines The Oberoi Group.

The experience proved to be highly enriching, bridging the gap between academic learning and industry practices, while motivating students to strive for excellence in their future hospitality careers.

International Housekeeping Week, September 15, 2025

The School of Hotel Management, Jaipur National University, successfully celebrated International Housekeeping Week from 15th to 20th September 2025 with great enthusiasm and active participation of students. The week-long celebration highlighted the importance of the housekeeping department in the hospitality industry and provided students with a platform to showcase their creativity, skills, and team spirit. Each day was marked with different competitions and activities such as bed making, Best from Waste, eco-friendly décor, Guest Lectures, housekeeping quiz, and Hotel Laundry Visit. Students participated with zeal, reflecting their practical knowledge, precision, and innovation in various tasks.

The event concluded with the announcement of winners and recognition of participants, making the week both educational and enjoyable. The event not only motivated students to appreciate the value of housekeeping operations but also encouraged them to pursue excellence in their professional journey.

Code Battle an Internal Hackathon SIH 2025, September 13, 2025

School of Engineering and Technology (SOET) organized an internal hackathon event. A hackathon was a time-bound event where teams of students worked together to create a prototype or finished product. The goal was to design, build, and present an innovative solution to a problem suggested by various departments of the Indian government. Hackathons are important for a number of reasons, including learning, networking, teamwork, mentorship, innovation, prototyping and presentation, exposure, critical thinking and entrepreneurial spirit. In this event, 54 teams comprising a total of 324 participants presented their innovative ideas in a physical mode. Through a rigorous evaluation process the top three teams were rewarded.

Google Gemini Event - Pixels & Prompts 2025, September 13, 2025

Pixels & Prompts 2025, organized under the Google Student Ambassador Program at the School of Computer & System Sciences, Jaipur National University, aimed to introduce students to the creative and practical applications of Google Gemini and other cutting-edge AI tools. The events served as a collaborative platform where students could learn, experiment, and showcase their talents. The event featured engaging activities such as the "AI vs. Real Challenge," where participants identified AI-generated images, a "Meme War" that combined humor and AI creativity using Gemini AI, and hands-on image editing with Google Gemini 2.5 Flash Model through "NanoBanana." Eight winners were recognized with exclusive certificates and special

Gemini QR tickets for top achievers, while all participants received official Google Gemini E-Certificates. The event successfully fostered AI literacy, creativity, and innovation, boosting students' confidence, critical thinking, and enthusiasm for future AI-driven opportunities while inspiring a deeper curiosity for research and technological exploration.

Skill Workshop on Flyer Design through Canva, September 13, 2025

The School of Education organized a Skill Workshop on Flyer Design through Canva for students of all programmes. The resource person, Mr. Yatendra Verma, introduced the significance of flyer designing in academic and professional communication and demonstrated Canva as a quick and effective tool. A total of 122 students actively participated, learning to use templates, edit text, experiment with fonts and colors, and add images for visual appeal. Working in groups, they designed flyers on social, educational, and cultural themes. The session was interactive, creative, and enriching, boosting students' digital literacy and confidence.

Innovative Culinary Competition, September 12, 2025

The School of Hotel Management & Catering Technology, Jaipur National University, successfully organized the Innovative Culinary Competition. The event served as a dynamic platform for students to showcase their culinary creativity, presentation skills, and knowledge of modern gastronomy.

Participants prepared unique dishes with innovative concepts, blending tradition with contemporary techniques. The competition witnessed enthusiastic participation, teamwork, and a display of talent that reflected the professional standards of the hospitality industry. The event concluded with the announcement of winners and appreciation for all participants, making it a truly inspiring and enriching experience for budding culinary professionals.

Workshop on IPR Issues in Agriculture

Protecting Innovation, Empowering Agriculture! Our School of Agricultural Sciences hosted an insightful Workshop on IPR Issues in Agriculture featuring expert Shri Dinesh Parasoya from Rajasthan State Seed Corporation! What our 120+ students learned:
How to patent agricultural innovations / Protecting plant varieties legally / Building agri-brands with trademarks / Safeguarding traditional farming knowledge.

From seed innovation to agri-startups, IPR is the key to turning agricultural ideas into protected, profitable ventures!

Visit to RARI, September 09, 2025

A visit cum hands-on-experience tour was arranged to Rajasthan Agricultural Research Institute, Durgapura Jaipur for the benefit of B.Sc.(Hons.) Agriculture III semester students.

The tour was arranged as the students of the above class offer a course on Plant Breeding.

The students reached the site, where they were introduced to Dr. Sailesh Kumar Jain, Professor and Head, Division of Genetics, RARI, Durgapura. Later they were taken around the Fields of pearl millet and groundnut where they were shown different types of breeding material, male sterile lines and their maintenance, development of inbred lines and were given demonstration of crossing techniques in both the crop lines and were given demonstration of crossing techniques in both the crops.

Sapling to Skyline, July 28, 2025

A student driven plantation and awareness activity was organised on National Conservation Day which aimed to promote environmental awareness amongst non-teaching staff of the campus. The activity initiated by sapling plantation of Aegle marmelos, Azadirachta indica, Catharanthus roseus, etc by non-teaching staff at Main and SILLAS Campus followed by eco-friendly pen distribution at main campus amongst the staff. By engaging directly in this initiative, the participants strengthened their commitment to environmental conservation and sustainable living.

World Population Day PPT Presentation Competition, July 21, 2025

The School of Education at Jaipur National University eloquently hosted a Power Point Presentation Competition commemorating World Population Day. The event fostered insightful discussions on global population challenges and sustainability. Under the inspiring guidance of Prof. Rita Arora and esteemed judge Prof. R.K. Bansal, 34 students showcased compelling research on themes from demographic shifts to environmental impacts. Arun Sharma's "Population and Environment" clinched first prize, while Palak Chaurasia's comparative study secured second. The event concluded with heartfelt accolades and visionary calls for youth-led action, leaving an enduring impression of hope and responsibility.

International Yoga Day, June 21, 2025

The International Yoga day was celebrated at JNUIMSRC in which more than 300 students and faculty members participated and celebrated the Theme of Yoga day.

World Nursing Day, May 12, 2025

World Health Day was celebrated by Dept of Community medicine where Quiz, poster competition and Digital poster making competition were conducted and the winners were awarded for their zeal, enthusiasm and creativity.

HACKATNON-2025, April 05, 2025

The School of Engineering & Technology, SADTM Campus, Jaipur National University, Rajasthan successfully organized Hackathon 2025, a flagship innovation and coding event to foster creativity, problem-solving and real-world tech solutions among young minds. The event witnessed enthusiastic participation from students.

In the inaugural ceremony of HACKATNON-2025, Chief guest Dr. Sandeep Bhakshi, Chancellor said that The energy and innovation displayed by participants at HACKATHON 2025 were truly inspiring. This event is a step toward shaping the future of Indian tech talent.

With a focus on "Innovation for Impact", the hackathon provided a platform for participants to design and develop cutting-edge technological solutions to real-world challenges in domains like HealthTech, FinTech, Smart Cities, Agriculture, Cybersecurity, and Sustainability.

This event was sponsored by AEPTA AI (Intelligence in Making). CEO of this company is Mr. Abhishek Mathur highly comented performance of students. More than 267 B.Tech and BCA students participated in the event. 64 teams participated in the following Project Themes: AI/ML, Blockchain, Web & App Development, IoT, Social Good.

The Judging Criteria: Innovation, Feasibility, Technical Complexity, Presentation.

Webinar on Orthokeratology Ortho-K lenses, March 31, 2025

A continued education initiative, webinar titled "Orthokeratology: A Non-Surgical Approach to Myopia Management" was held. Tsering Lamu Shongmu, Associate Professor, SGT university, Gurgaon aimed to enhance awareness about the principles and clinical application of orthokeratology lenses in controlling myopia progression. She shared valuable insights on lens design, patient selection, fitting techniques, and long-term management. The session highlighted the growing role of orthokeratology in modern optometric practice and encouraged participants to explore its potential as a safe and effective alternative to traditional myopia correction methods.

Workshop on Digital Awareness: Digital Counterfeiting, March 29, 2025

The School of Education organized a workshop on "Digital Awareness: Digital Counterfeiting", for students of various courses, including B.Ed. and B.A. B.Ed. The session highlighted the growing concern of digital fraud, equipping students with the knowledge to identify and combat counterfeiting in the digital world. With engaging discussions, participants learned about the impact of technology on human behavior and ways to protect consumers from financial losses. 50 students attended the event, gaining valuable insights into recognizing and addressing digital fraud. The workshop successfully achieved its objective of increasing awareness and preparing students to tackle online threats effectively.

Lecture on Remuneration of State-Owned Enterprise Boards and Executive Management in India, March 27, 2025

The lecture by Prof. R.K. Mishra provided insights into SOE remuneration, governance, and performance-based pay. Attended by 42 participants, it bridged theory with real-world applications through interactive discussions, making it a valuable learning experience.

Alumni Lecture: “Real-World Optometry – Ophthalmic Insights for Clinical Care”, March 22, 2025

A lecture on “Real-World Optometry – Ophthalmic Insights for Clinical Care” was delivered by our esteemed alumni Ms Mahima Tiwari, Consultant Optometrist, Dr. Virendra Eye & Laser Phaco Centre, Jaipur on the occasion of World Optometry Day. The lecture aimed to bridge the gap between academic learning and practical clinical experience, providing valuable insights into real-world optometry practices.

AATITHYA – 2025, March 21, 2025

The School of Hotel Management & Catering Technology, Jaipur National University, proudly hosted AATITHYA – 2025 on 21st and 22nd March, bringing together students, faculty, and industry professionals from across India and abroad. This international annual event celebrated learning, innovation, and collaboration in the world of hospitality and tourism.

The event commenced with an inaugural ceremony graced by the Hon’ble Chancellor Sir Dr. Sandeep Bakshi, Pro Chancellor Prof. H. N. Verma, and Director Dr. Ajeet Kumar Singh, who lit the Holy Lamp. Hon’ble Chancellor Sir’s inspiring address emphasized professional excellence and set the tone for the event.

Eleven teams participated in the two-days event featuring seven competitions: Twigs & Towels, Jigger V/s Pony, QUIZZERIA, Innovative Hospitality Layout, Lazzat-E-Khaas, Décor-De-Patisserie, and Hotelpreneurs The Ultimate Pitch Battle. The contests were conducted smoothly, showcasing creativity, skill, and teamwork.

The Felicitation Ceremony was graced by the Executive Director Dr. Preeti Bakshi Madam and renowned Chefs including Chef Abhishek Madan, Chef Rishi Thapa, Chef Amit Shrivastava, and Chef Pankaj Gupta, who honored winners with awards and certificates.

A cultural highlight of the event was a city tour of Jaipur for the visiting teams, offering them a taste of the Pink City’s heritage and hospitality. Participants appreciated the warm welcome and professional experience, with many recommending that such events be held regularly.

AATITHYA – 2025 successfully continued its legacy of excellence, setting the stage for even greater milestones in the years to come.

Fresher & Farewell Party – Fiesta Fête, March 21, 2025

The School of Computer & Systems Sciences hosted a vibrant Fresher & Farewell Party – Fiesta Fête. The event served as a warm welcome to the newcomers and a heartfelt send-off to the graduating batch. It was a perfect blend of nostalgia and excitement, fostering a sense of unity and celebration among students.

11th Prof (Dr) VS Mani Memorial International Law Moot Court Competition, March 21, 2025

A guest lecture on “Armed Forces as a Career Option” was conducted. The session was organized to provide students with insights into career opportunities in the armed forces, highlighting the roles engineers play in defense services.

The lecture was delivered by Commandant Deepak Gosain, who shared valuable information regarding the selection process, required skills, career progression, and various opportunities available for engineers in the armed forces. He also emphasized the significance of discipline, leadership, and technical expertise in defense services. A total of 57 students of B.Tech programme attended the session.

Professionalism and Code of Conduct, March 12, 2025

The one day Seminar of Professionalism in Nursing and Understanding and Upholding code of conduct. The guest speaker was Mrs. Usha Daniel (Registered Advanced Midwife Practitioner- Diabetes in pregnancy) National Maternity Hospital Dublin, Ireland, Europe. The seminar on "Professionalism and Code of Conduct" was an insightful and enriching experience for all participants. It provided a clear understanding of the ethical principles and professional behaviors required in any field. Attendees left with a deeper awareness of how to uphold professionalism and contribute positively to their respective organizations.

JNU at IIFA, March 08, 2025 Official Knowledge Partner of IIFA 2025

Jaipur National University was proud to be the Knowledge Partner for IIFA 2025, one of the most prestigious global events celebrating Indian cinema. This three-day extravaganza was a thoughtfully curated association, offering over 500+ JNU students a unique opportunity to work closely with the IIFA team as student volunteers.

From backstage coordination and hospitality to media handling and logistics, students were deeply involved in various aspects of the event, gaining hands-on experience, industry exposure, and valuable learning beyond the classroom. The activity was not just educational but also engaging, exciting, and fun-filled, leaving students with unforgettable memories and skills to carry forward.

Adding to the pride, our Honourable Chancellor, Dr. Sandeep Bakshi, was invited on stage to present an award to one of the winners, showcasing JNU's growing presence on prestigious national and international platforms.

This collaboration underscores JNU's commitment to experiential learning and industry integration, equipping students with real-world skills that shape their future.

Shakespeare's Declamation, February 28, 2025

The contest – Shakespeare's Declamation – curated to immerse students in the enduring power of Shakespearean rhetoric, saw participants breathe new life into legendary soliloquies and dialogues. From tragic heroes to mischievous sprites, the event celebrated the very essence of the Bard's genius, reminding the audience why his words remain eternally relevant.

Technical Session, February 20, 2025

Technical Advisory Session on "Minor Projects for DST Funding" for B.Tech II Semester students. This session aims to guide and mentor students in aligning their project ideas with DST funding requirements and fostering innovative thinking.

Roundtable Discussion, February 15, 2025

In an engaging and intellectually stimulating Roundtable Discussion, faculty and students gathered to explore the relevance of literary and non-literary reading and the transformative impact of book donation. The discussion, marked by thought-provoking insights and passionate exchanges, underscored the power of literature as a means of education, empathy, and social change.

Swasth Nari Samarath Samaj, March 08, 2025

The "Swasth Nari Samarath Samaj" initiative promoted women's health and empowerment in underserved communities. Conducted by SBM and the School of Fashion Design, it raised awareness on sanitation and distributed sanitary napkins in Ghati Karolan village. The impactful activity inspired students and participants, reinforcing the importance of women's well-being and community health.

Seminar on Hands-on Learning: Muscle Palpation & Scar Mobilization at Department of Physiotherapy, March 04, 2025

Seminar on Hands-on Learning: Muscle Palpation & Scar Mobilization. The Department of Physiotherapy, Jaipur National University, under IQAC, organized a seminar on "Hands-on Learning: Muscle Palpation & Scar Mobilization" at JNU Hospital & Medical College. Marius Kurkowski, a certified Anatomy Trains teacher, led the session. Participants gained practical skills in muscle palpation and scar mobilization, with emphasis on fascial anatomy and functional movement. The hands-on approach enhanced clinical application and diagnostic proficiency.

Objectives of the Seminar:

- ▶ To enhance participants' practical skills in muscle palpation and scar mobilization through hands-on training
- ▶ To deepen understanding of fascial anatomy and its relevance in functional movement and rehabilitation.
- ▶ To bridge the gap between theoretical knowledge and clinical application for improved treatment outcomes.

Extension activity on School Health Checkup Program, February 15, 2025

A School Health Checkup Camp was organized at Bright Future Academy, Jaipur to assess students' health and raise awareness on hygiene. The camp was led by Dr. Sudeepti Panat with the support of 15 nursing students. The event began at 10 AM with a welcome address by Ms. Shankuntla, followed by a presentation by Dr. Panat on the importance of regular health checkups. Students were assessed for TPR, BP, and BMI. Based on the findings, appropriate advice was given to parents regarding fever, blood pressure issues, and weight management. The program concluded at 12 PM with a vote of thanks by Mr. Shekhar Mishra, appreciating the efforts of all involved.

Visit to School & Anganwadi, February 10, 2025

Final year students of B. Sc. Nursing program visited the Anganwadi of Sankh village and have done the anthropometric measurement and nutritional assessment to find out the nutritional imbalance and other minor ailments. Based on the assessment health education was given to Anganwadi worker and the mothers of the children. Emphasized the importance of personal hygiene, balanced diet, how to identify the nutritional deficit and immunization. The students visited local school for creating awareness about health, adolescent education, nutrition, first aid etc.

Good Clinical Practice, February 08, 2025

The one day workshop on “Good Clinical Practice” was organized by Seedling School of Nursing, JNU Jaipur. The program started extending the warm greetings to all the dignitaries and then proceeded to lamp lighting ceremony by the Director Prof. Rajesh Malhotra, Prof. Periadurachi Kumar, Prof. Vikas Choudhary, Ms. Dipika Chauhan and Dr. Lalita Yadav. Any event would be incomplete without a hearty welcome to our guest speaker. As it is said, wherever you visit, let the place you visit remembers you well, so our guest speaker was given a warm welcome by our respected Director Sir and Principal ma’am. All B.Sc. Nursing students were participated. The resource person from AIIMS, Rishikesh was covered many of the information and updates related to the GCP during the workshop.

Nukkad Natak (Street Play) on the Occasion of World Cancer Day, February 04, 2025

In order to create awareness about cancer prevention among communities a street play (Nukkad Natak) was performed by students of B.Sc. cardiovascular Technology, 2nd Sem at Patrika Gate, Jaipur on World Cancer Day. The objective was to raise awareness about cancer prevention, early detection, and the importance of maintaining a healthy lifestyle. The performance was part of the students' practical learning and their contribution to public health education.

Basant Panchami Celebration, February 03, 2025

The School of Languages, Literature & Society celebrated the arrival of spring with a vibrant Basant Panchami Celebration, bringing together students and faculty in a fusion of tradition and festivity. The event, steeped in cultural significance, honoured Goddess Saraswati, the embodiment of wisdom and learning, through a sacred Saraswati Puja, invoking blessings for knowledge and enlightenment followed by a cultural program.

Workshop on Machine Learning, January 30, 2025

A three-day workshop on Machine Learning Algorithms was organized at Jaipur National University, engaging over 100 participants, including students and faculty. The workshop aimed to provide an in-depth understanding of machine learning (ML) concepts, algorithms, and hands-on implementation using Python.

The workshop provided valuable theoretical knowledge and practical exposure, equipping participants with essential ML skills and reinforcing the importance of data-driven decision-making in modern industries.

Collaborations

The University offers a number of collaborative academic programmes through Memorandum of Understanding with academic and research Institutes and Universities of national and international repute.

As a result of these collaborative programmes, students and teachers have access to both national and global institutions, which help them in broadening their intellectual horizons and learning about the changing trends in all spheres of human activity. Jaipur National University has MOUs with the following Universities/ Institutions:

National Academic Tie-ups:

- ▶ Dr. Ambedkar Foundation, Ministry of Social Justice and Empowerment, Government of India, New Delhi*
- ▶ CSIR- CEERI, Pilani
- ▶ SRF Limited, Gurgaon
- ▶ India Institute of Integrative Medicine, IIIM, Jammu
- ▶ Central Soil Salinity Research Institute, Karnal
- ▶ Indian Institute of Toxicology Research, Lucknow
- ▶ INFLIBNET Centre, Gandhinagar
- ▶ Rajasthan ILD Skills University, Jaipur
- ▶ Samatrix Consulting Pvt. Ltd., Gurgaon
- ▶ Kabilyet Training Services Pvt. Ltd., UP
- ▶ Red Hat India Pvt. Ltd., Mumbai
- ▶ 4 DIM Education Solutions Pvt. Ltd., Ahmedabad
- ▶ Arid Forest Research Institute (AFRI), Jodhpur
- ▶ Tropilite Foods Pvt. Ltd., Gwalior

International Academic Tie-ups:

- ▶ Florida University, USA
- ▶ Miami University, Oxford, Ohio
- ▶ Texas A&M University, Texarkana
- ▶ Vyatka State University, Kirov, Russian Federation
- ▶ National Research Lobachevsky State
- ▶ University of Nizhny Novgorod, Russia
- ▶ Federal State Budgetary Educational Institution of Higher Education “Minin Nizhny Novgorod State Pedagogical University, Russia

Education Beyond Borders

Jaipur National University,
Ras Al Khaimah, UAE.

Aishwarya Bakshi

Director,
Jaipur National University, RAK Campus

Welcome to Jaipur National University Ras Al Khaimah Campus. It is a privilege to extend warm greetings from JNURAK, the international campus of Jaipur National University. As we expand our presence beyond India, we carry forward the university's brand name, academic legacy, and core values with responsibility and pride.

At JNURAK, our degrees are future-focused and carefully aligned with the evolving needs of industry. The programs offered at our Ras Al Khaimah campus reflect the priorities of the UAE's Vision 2030, particularly in the areas of innovation, technology, entrepreneurship, and sustainable growth. Our objective is to ensure that students graduate not only with academic knowledge, but with relevant skills that prepare them for emerging global careers.

A defining feature of the campus is its strong industry integration. Professionals and industry experts engage with our students on a weekly basis through guest lectures, workshops, mentoring sessions, and applied learning initiatives. This continuous interaction ensures that classroom learning remains practical, current, and closely connected to real-world developments. Our curriculum is designed to cultivate critical thinking, analytical ability, effective communication, and ethical leadership. Alongside skill-oriented training, we remain committed to nurturing responsible individuals who contribute positively to society. In doing so, we continue the Jaipur National University tradition of holistic education while strengthening our international footprint. JNURAK stands as an extension of the home campus rooted in the same academic integrity, guided by the same values, and driven by a shared vision of empowering minds and shaping the future.

Aishwarya Bakshi

Ras Al Khaimah (JNU RAK) The International Campus of JNU, Jaipur

A Global Step Ahead in Learning

Jaipur National University, Ras Al Khaimah (JNU RAK), is the international campus of JNU, Jaipur - a NAAC A+ accredited university known for its academic excellence and industry-aligned education. With this global extension in the UAE, JNU brings over 20 years of innovation, hands-on learning, student achievement to an international setting. JNU RAK blends practical education with modern Ed-Tech tools and a corporate learning environment, helping students build real-world skills and prepare confidently for their professional journeys.

Insight. Inspiration. Industry Connections. Career insights straight from the industry

JNU RAK hosted an engaging session on "Career Opportunities" as part of Hilton Career Week, led by Ms. Shorena Okujava, People Operations Manager, Hilton Garden Inn, Ras Al Khaimah.

Students had the opportunity to gain practical insights into career growth, industry expectations, and emerging opportunities in hospitality.

Ignite Fest 2025 at JNU RAK Campus

Ignite Fest 2025 at JNU RAK Campus was a vibrant celebration of creativity, competition, and campus spirit.

From mind-bending escape rooms to energetic dance battles and sports showdowns, here's a glimpse of the excitement, talent, and unforgettable moments that lit up the fest.

Hosting Industry Visit For Students From Tamil Nadu

Some days remind us exactly why we build the way we do.

We had the privilege of hosting an industry visit for passionate students who travelled from a university in Tamil Nadu and are currently interning in at JNU RAK Campus, Ras Al Khaimah, UAE.

Fresh perspectives, curious questions, and fearless ambition filled the room, reminding us that the future of this industry is already knocking.

A young team learning in real time, experimenting boldly, and growing through every project. The experiences shared and the insights developed, is able to open doors, share real industry insights, and exchange ideas with future creators.

Hilton Career Week

Learning from the best in Industry.

As part of Hilton Career Week, JNU RAK welcomed Ms. Mariem Ferchichi, Director of Human Resources, Waldorf Astoria, Ras Al Khaimah, for an engaging session on "Career Opportunities."

The discussion offered students a closer look into the world of hospitality, exploring career paths, growth opportunities, and the evolving expectations of the global hotel industry.

MOU with Medanta Hospital

A significant milestone in advancing healthcare education and excellence at Jaipur National University- MoU with Medanta Hospital, Gurugram, and the visit of Dr. Naresh Trehan.

KINESIA

Medical Fest 2025

Jaipur National University Institute for Medical Sciences and Research Centre

4.	Other academic/co-curricular/extension activities	26

Jaipur National University Institute for Medical Sciences and Research Centre, established in 2015, is a premier institute to impart world class education with a state of the art 1200 bedded multi super specialty hospital with an aim to provide quality health services for the patients of Rajasthan and neighboring states.

Operating under the aegis of the Jaipur National University, which is a private self-financed University, sponsored by Mahila Shiksha Samiti, JNU Medical College and Hospital has moved from strength to strength to emerge as a preferred medical destination for the population of Jaipur and nearby areas.

Spread over an area of 21 acres in one of the rapidly developing areas in Jaipur, Jagatpura, the JNU Medical College and Hospital brings together the best of medical education and healthcare through its world-class medical infrastructure, backed by trained support staff and a highly integrated and comprehensive information system. It is also one of the top-ranking MBBS Medical colleges in Rajasthan today.

The JNU Medical College is a world-class academic centre for medical studies and committed to excellence through research, education, and clinical care. The primary focus of the JNU Hospital Medical College is to come up with innovative patterns of teaching in medical education in all the branches so as to set up the highest standards of medical education in India. A major objective of the Institute is to develop the best educational facilities in a centralized way, for the training of personnel in all the important branches of medicine.

The prime focus of the Institute is to bring together in one place, educational facilities of the highest order for the training of personnel in all the important branches of medicine. We ensure that teaching methods, facilities and content of the programme are in line with the latest innovations with a strong scientific base. Teaching and training is promoted through seminars, interactive lectures, wide range of clinical and laboratory experiences, independent thinking and relevant research. Medical training has focus on fundamental understanding of health management, disease prevention and curative treatment.

The MBBS & MD/MS Degrees are recognized by National Medical Commission in various clinical and non clinical subjects. The Medical college pays equal attention to curricular, co curricular and extracurricular activities so as to have a holistic growth of the student. The college regularly organizes Debates, Quiz, Guest lectures by renowned faculty, seminar, conferences, workshops and College fest and sports day.

Apart from these events, the medical college also organizes Induction and orientation programmes for the incoming students and Hippocratic Oath ceremony for the students starting their Internship.

Offering an entirely new healthcare experience in India, the JNU Super Specialty Hospital seamlessly blends the best principles of the healthcare industry with the latest medical facilities, diagnostic equipment and world-class personnel, to set new standards in healthcare service. The core guiding principles of JNU Hospital are Clinical Excellence, Ethical Conduct and Patient Centricity, and in turn grow as a healthcare destination, while serving people who are in need of quality healthcare.

The Hospital is committed to build on the core principles of quality, safety and clinical excellence with the promise of bringing quality healthcare at cost-effective prices for people of India. Here at JNUIMSRC, we make every effort to ensure that the healthcare system and those working within it are devoted to work ethics and patient's interest.

The recently started JNU Cancer Institute and Research Centre, caters to cancer patients and provides comprehensive cancer care to all the patients of Rajasthan and nearby states. JNU Cancer Centre has full fledged treatment facilities for Chemotherapy, Radiotherapy, Cancer Surgery and PET Scan. The Cancer centre has provided treatment to thousands of cancer patients at a very affordable rate.

Our students care for patients and gain experience alongside our faculty at JNU Hospital. Clinical education is imparted at individual patients' bedsides and in one on-one or small-group settings. This provides students' ideal learning conditions. Patients, in turn, benefit from closer attention and a team approach that considers multiple opinions before choosing the best path. In addition, medical students are encouraged to gain primary care experience in both rural and urban settings.

From the origin of diseases to their impact on public health, our doctors are making discoveries that move medicine forward. Jaipur National University has an outstanding history of biomedical Research in an environment that cultivates the best minds in science and medicine. The Faculty & Students at JNUIMSRC are committed to investing in basic science & Clinical research, the driving Force for most medical breakthroughs. Our physicians and surgeons collaborate to quickly and effectively translate new research discoveries into tools, methods and treatments that will start benefitting patients.

Social and community responsibility has always been a cornerstone of JNU and so, many extension and outreach activities are conducted by the Hospital in which free consultation, Medicines and investigation camps are organized for the benefit of the people of Rajasthan and nearby states.

The Medical College and Hospital is also attached to hostels and residential accommodation for all the UG, PG students and faculty and staff members.

School of Engineering & Technology

The School of Engineering & Technology at Jaipur National University, established in 2007, is a vibrant center for innovation, research, and academic excellence. Offering a diverse range of programs in traditional engineering fields like Mechanical, Electrical, and Food Technology, the school also focuses on contemporary disciplines such as Artificial Intelligence, Machine Learning, Data Science, and Cybersecurity. These programs are designed to balance theoretical knowledge with practical application, preparing students for the fast-evolving technological landscape.

Students are exposed to real-world challenges through workshops, seminars, industrial visits, hackathons and the annual tech fest "Technoraaz", which provides a platform for innovation, collaboration, and showcasing technical expertise. Industry collaborations with leading companies like IBM, RedHat, Samatrix, and Cybercure ensure that students receive cutting-edge training, making them highly competitive in the job market. The school also nurtures entrepreneurship and innovation through incubation programs and student-driven projects. School conducts workshops across all Topics of engineering that enables students to be competitive. School also invites Guest lecturers to deliver expert knowledge of their area. We encourage students to participate in international conference and acquired the research knowledge of their topic of interest.

Biomedical Engineering Department (BME) merges engineering principles with biological sciences to innovate healthcare technologies, including medical devices, diagnostics, and artificial organs. These departments, often found in universities and hospitals, focus on developing technologies like AI-aided imaging, prosthetics, and drug delivery systems to improve patient care and treatment.

Mechanical Engineering is the Discipline that applies the principles of Engineering, Physics, and Materials Science for the Design, Analysis, Manufacturing, and Maintenance of Mechanical Systems. It is the branch of Engineering that involves the Design, Production, and Operation of Machinery.

The department of Mechanical Engineering has excellent lab facilities. It has industry-standard software tools like AutoCAD, NX-CAM, FEM, High-Velocity Crash Analysis Software (IMPACT), and Solid Works. JNU aims for producing ME professionals with a practical exposure that meets the latest requirements of the Engineering Industry.

The knowledge gained after this education includes Mechanics, Kinematics, Thermodynamics, Materials Science, and Dynamics of Machines. The department has developed strong research interests in faculty members as well as students in diverse areas of Mechanical Engineering.

B.Tech Food Technology is a multidisciplinary course which involves the study of Food Science, Quality, Safety, Packaging, Processing and Preservation of Food products. In Department our major emphasis is on the theoretical and practical knowledge, where students can learned and get trained in the field of Food Technology. Organization of seminars & workshops, guest lectures, industrial & institutional visits helps the students to develop research temperament, orientation skills and to practically observe Food Technological processes at Industrial level. Apart from academics, participation in sports and extracurricular activities provides a holistic and enriching experience to students. After Engineering Food Technologist can become Research and Development Scientist, Analyst, Quality Controller, Process Engineer, Nutritionist, Auditor, Entrepreneur etc.

The **Department of Electrical Engineering** is not just limited to the core areas like Electrical Engineering, Power Engineering, and Instrumentation; preferably, it extends to professional aspects of Entrepreneurship, including Economics, Project Organization, and Management. Industrial Training with the latest industry-standard is regularly provided to the students. In addition, practical training in the form of Projects/Model making in various fields forms a crucial component of learning at Jaipur National University, Jaipur. The department has valuable software tools like PSPICE, MATLAB, HOMER, MATPOWER, LABVIEW.

The **Department of Computer Science & Engineering** at Jaipur National University offers a four-year full-time B.Tech. programme in Computer Science Engineering, designed to equip students with strong fundamentals in software, hardware, programming, and emerging technologies. The curriculum blends theoretical learning with hands-on projects and practical labs, preparing graduates to design, develop, and implement complex computing solutions. The programme emphasises modern areas such as data structures, algorithms, operating systems, databases, and software engineering, while fostering problem-solving skills and industry-ready competencies. Graduates go on to pursue careers in software development, IT services, cyber security, AI/ML, and other technology domains.

B.Tech Civil Engineering with specialization in structural Engineering includes the design of buildings & bridges, and considering loads such as wind, earthquakes and people. These design structures could include materials such as concrete, steel, timber, masonry and fiber-reinforced polymers. The specialization is basically concerned with the conception, analysis, design and construction of the above components or assemblies to resist loads arising from internal and external forces. This specialization also includes the study of solid mechanics, which is the study of the distribution of stresses that a given load produces when applied to a solid element, and the calculation of the resulting strains, given the characteristics of the materials that make up that element.

This specialization is designed to train in advanced concepts of Structural Engineering by in-depth coursework, hands-on modeling projects and dissertation work.

The **Department of Biotechnology** was established in 2007 at SADTM campus of Jaipur National University. The B.Tech Biotechnology program was launched to nurture the needs of students through cutting edge strategies in the realm of genetics, bioinformatics, plant and animal biotechnology, microbiology, immunology and other related fields. Theoretical and practical knowledge gained by students during the 4-year program is idealized through concentrated exposition work during the internship and dissertation. Biotechnology engineering is not limited to laboratories but is emerging as an industrial revolution worldwide. Apart from its contribution towards industrial growth, biotechnology is also recognized as 'science of hope' for society, especially in developing countries. The potential of biotechnology in producing low cost medicines, nutrition rich food, remediation of degraded land, improvement of livestock breeds and health, among many others, is well recognized.

The Programmes/Courses Offered

S. No	Programmes/Courses
1.	B.Tech. Computer Science & Engineering (CSE)
2.	B.Tech. Computer Science & Engineering and Specialization in AIML
3.	B.Tech. Computer Science & Engineering and Specialization in Cyber Security

The School of Life and Basic Sciences, Jaipur National University serves as a vibrant hub where scientific inquiry, innovation, and interdisciplinary learning converge. Students are trained in core basic sciences—Chemistry, Botany, Physics, and Mathematics—alongside advanced and application-driven domains such as Biotechnology, Microbiology, Bioinformatics, and Data Sciences. The curriculum is meticulously designed in alignment with NEP 2020, ensuring academic flexibility, skill orientation, and research integration.

Strategic MoUs with reputed national and international organizations— including ICAR-Indian Institute of Soil and Water Conservation, ICAR-Central Sheep and Wool Research Institute (Avikanagar), Entrepreneurship and Career Hub (University of Rajasthan), Kumarappa National Handmade Paper Institute, Henry Ford Health (USA) and Retro Biotech (USA)—strengthen experiential learning and industry exposure. These collaborations bridge classroom knowledge with real-world scientific applications.

The School adopts a research-driven academic framework, emphasizing project-based learning, innovation-oriented activities, and entrepreneurial skill development. Courses are structured to address global, national, and regional challenges, preparing students to respond effectively to contemporary scientific and societal needs.

With state-of-the-art infrastructure, the School provides robust hands-on training through well-equipped laboratories, including plant tissue culture, microbial culture, and bioinformatics labs. This integration of theory and practice ensures the development of strong analytical, technical, and research competencies.

Committed to holistic career development, the School actively prepares students for higher education, research careers, and employment in academic, industrial, and biotech sectors, fostering scientifically skilled and socially responsible professionals.

The School of Business and Management (SBM) at JNU is committed to shaping future-ready leaders through a proactive and forward-looking approach to education. Beyond delivering professional knowledge, SBM nurtures innovative thinking, emphasizes the real-time application of concepts, and instills strong professional ethics and social responsibility in its students.

The Institute boast of a distinctive learning approach. Students engage in immersive, practice-oriented experiences that replicate real-world corporate scenarios, sharpening their managerial skills and decision-making abilities. Over the years, SBM has built strong collaborations with multinational corporations and global industry leaders, ensuring that students gain multidimensional skills and exposure to contemporary business practices.

A team of highly qualified, committed educators with national and international expertise are the strength of the Institute. State-of-the-art facilities, diverse learning resources, and advanced training methodologies are designed enable us to meet the evolving expectations of the corporate world.

SBM has established a prestigious global partnership with the University of Texas, offering specialized management education for professionals in the health services industry. This unique initiative integrates technical and managerial education, aligning with the growing demand for interdisciplinary expertise in today's global economy. With the rapid expansion of the economy and the rising demand for MBA graduates, SBM continuously introduces new-age, industry-ready programs that are globally recognized and tailored to meet the needs of modern businesses.

The Programmes/Courses Offered

S. No	Programmes/Courses
1.	Bachelor of Business Administration (BBA)
2.	Bachelor of Commerce (B.Com.)
3.	MBA- Dual Specialisation
4.	MBA (Hospital & Healthcare Management) (MBAHMM)
5.	Master of Business Administration (MBA)
6.	Ph.D

The School actively promotes a strong research culture by streamlining research components and encouraging scholarly inquiry, action research, and innovative practices among faculty members and students. A team of well-qualified, experienced, and committed faculty ensures academic excellence through mentoring, guidance, and continuous professional support.

To broaden academic exposure and global perspectives, SOE regularly organizes lectures, interactions, and special sessions by eminent scholars, educationists, and practitioners from reputed institutions. Collaboration with leading national and international institutions further enriches academic and research endeavors, fostering knowledge exchange and professional networking.

The School maintains a vibrant academic environment through the regular organization of National and International Conferences, Seminars, Symposia, Panel Discussions, Faculty Development Programmes, and Workshops, thereby promoting continuous learning, innovation, and professional growth among students and educators alike.

The School of Education (SOE) is dedicated to the continuous improvement of teacher education by preparing competent, committed, and professionally sound teachers capable of meeting contemporary educational challenges. The School emphasizes holistic personality development of trainee teachers by nurturing intellectual, emotional, social, and ethical dimensions, while simultaneously fostering technological proficiency to make them digitally and pedagogically adept.

SOE focuses on equipping future educators with essential professional competencies, innovative teaching strategies, and learner-centered pedagogical practices required to effectively address the needs of both elementary and secondary education systems. Special attention is given to integrating theory with practice through field-based experiences, reflective teaching, and continuous assessment.

The School of Computer and Systems Sciences is empowering education in the field of Computer Science and Applications at Graduate, Post Graduate and Doctorate levels. The School focuses on present need of the society by offering specialization in Cyber Security, Artificial Intelligence & Machine Learning. Faculty at School of Computer and Systems Sciences are highly qualified, highly experienced and proven them in industry also. Labs consist of latest and high configuration hardware and software. Classrooms are equipped with smart class equipments. The department has also collaborated with various industry experts and university experts for conducting specialized modules in Artificial Intelligence and Machine Learning, Cyber Security and also for research projects and internships. With a specific job description on Cyber Security, AI&ML our students have been recruited by reputed industries like Microsoft, Amazon, Goldman Sachs, Oracle GBU, Cisco, Dell Technologies, Accenture, among others. Many of our students as entrepreneur are also providing jobs to the youth of the nation. Many of our students are pursuing higher education and research at premier national or international universities. School of Computer and Systems Sciences focuses on skills of students which are key to success in the field of technology.

Salient Features of the Department/USP

- ▶ Course ranges from Core Concepts to Cutting Edge Technologies
- ▶ The programmes are designed by taking feedbacks from various stakeholders to meet out the current industry requirements to increase the better employability. Seminars as part of curriculum, compulsory from I Year itself.
- ▶ Implementation of NEP in curriculum to provide student centric learning, providing better flexibilities in learning to ensure 100% placement and employability.
- ▶ 100% assistance for the placements in IT companies like SAP Labs, TCS, Infosys, Deloitte, Wipro, Cognizant and many more.
- ▶ The team of the experienced and expert faculty members of the school is one of the attracting features of the school for providing technical and practical learning.
- ▶ Dedicated Entrepreneurship Development and Start-up Cell for motivating the students towards entrepreneurship.
- ▶ Collaboration with IIT Mumbai for technical courses delivered through Spoken Tutorial program.

The Programmes/Courses Offered

School of Hotel Management & Catering Technology (SHMCT), under the aegis of Jaipur National University, Jaipur, Rajasthan, India, is a premier institute in the field of hospitality education. The institute offers skill-based degree and diploma programmes.

The programmes offered by SHMCT are aligned with the National Education Policy (NEP) and Choice Based Credit System (CBCS), with 22 credits per semester. SHMCT is supported by 15 qualified faculty members, 14 well-equipped laboratories, an organic garden, and state-of-the-art infrastructure including a model suite room, kitchen laboratories, and training restaurants.

SHMCT regularly organizes national-level academic and professional events, such as guest lectures, national conferences on contemporary trends and practices in hospitality and tourism, and Faculty Development Programmes (FDPs).

The institute also conducts theme-based activities, particularly through its food outlet "P4U", to strengthen entrepreneurship-oriented education among students.

SHMCT has a strong alumni network, with thousands of alumni currently working in the hospitality and allied industries across India and abroad.

All faculty members are actively involved in research and publications, and four faculty members are currently registered for PhD programmes, reflecting the institute's commitment to academic excellence and research culture.

School of Pharmaceutical Sciences offers cutting-edge pharmacy education programs that help drive innovation and discovery in the industry. The School has established itself as a center of excellence in pharmaceutical education and research and has come to be recognized as one of the top pharmacy colleges in Rajasthan within few years of its establishment. The school has maintained the quality of its programs and the relevancy of its courses by aligning itself with the latest industrial practices. School of Pharmaceutical Sciences was established in the year 2005 as the Institute of Pharmaceutical Sciences, Seedling Academy of Design Technology and Management. In the year 2007 as Jaipur National University came into existence and the School of Pharmaceutical Sciences renamed as the constituent department of the University. Since inception the school has scaled up the heights of the pharmacy education.

The School boasts of housing the most sophisticated and highly useful instruments to help its students turn into the best professionals in the field. Some of these instruments are FTIR, HPTLC, HPLC, UV-Visible Spectrophotometer, Semi auto-analyzer, etc. A variety of programs are offered here including D.Pharm, B.Pharm, Pharm.D, Pharm.D (PB), M.Pharm and Ph. D in Pharmaceutical Sciences. Students are trained not only to excel in academics but also to develop necessary skills which would help them in achieving the pinnacle of their careers.

The pharmacy courses include regular industrial visits and training to gain insights into the subjects. The studies are also supplemented by guest lectures and hands-on training at some of the most well-known companies in the pharmaceutical industry. Such interventions establish the graduates' commitment to pharmaceutical education, research, and patient care through the appropriate use of their knowledge and skills.

The Programmes/Courses Offered

S. No	Programmes/Courses

The School of Media Studies is a forward-looking academic space committed to excellence in media education, research, and professional practice. Established in 2007, the School has steadily evolved into a creative and intellectual hub that prepares students for careers in journalism, broadcasting, public relations, digital media, filmmaking, and allied fields shaping contemporary communication. Rooted in ethical values, critical thinking, and applied learning, the School emphasizes strong mentorship and hands-on training. It seeks to develop not only technically skilled professionals but also thoughtful communicators who understand media as a powerful reflection of society and culture. The curriculum balances conceptual clarity with practical exposure, encouraging innovation and independent thinking. This integrated approach has translated into outstanding career outcomes, with the school achieving 100% placements, a highest package of ₹70 LPA, and a record highest internship stipend of ₹65,000 per month with 100% paid internship for last 2 years, reflecting the industry relevance and professional readiness of its graduates. The Ph.D. program, launched in 2009, reflects the School's commitment to meaningful research and academic leadership. Constantly adapting to the digital and interactive media landscape, the School equips students to thrive in a fast-changing, competitive, and globally connected media environment—where communication carries both influence and responsibility.

1.	Bachelor of Arts (Journalism & Mass Communication)
2.	Master of Arts (Journalism & Mass Communication)
3.	PhD

Seedling School of Law and Governance

Brief Summary

S. No	Particulars	No.
1.	Programmes/Courses Offered	05
2.	Faculty Members of the School	27
3.	Conferences/Seminars/Workshops Organized	01
4.	Participation of faculty members in National/International Conferences/ Seminars/ Workshops	26
5.	Papers published by faculty members (in standard indexing data base)	18
	Book Chapter(s)	30
6.	Faculty Recognitions/Achievements	08
7.	Lectures Organized at the School	25
8.	Students achievements	29
9.	Other academic/co-curricular/extension activities	05

The Seedling School of Law and Governance, since its inception in 2007, has an agenda of imparting quality legal education and shape the legal professionals with excellence to cater to the needs of various constituents of the society. The Seedling School of Law and Governance was established and founded by one of the legal luminaries of India Late Prof VS Mani to run the SSLG on the pattern of National Law Schools of the country. Prof Mani was a Professor of International Law in Jawaharlal Nehru University, New Delhi. He served as a Legal Advisor and Chief Secretary to the Republic of Nauru and was pivotal in conducting Nauru's case against Australia before the International Court of Justice (1986–93). He was Founding Director of Gujarat National Law University, Gandhinagar. The school continues its legacy left by him.

The Seedling School of Law and Governance offers a safe environment to teach foundational content and skills using the Smart Classrooms that empowers the student to thrive. To break the monotony of classroom lectures and explore innovative methods, the knowledge of case studies in the library is given under supervision of teachers. The Seedling School of Law and Governance serves the society not only by means of imparting, learning to the students but also caters the needs of the society through Legal Aid Campaigns. The organization of Mock Parliament, Human Rights Commission Sessions and MUNs by the School are the ways which help to produce lawyers capable to meet the challenges of the 21st Century and beyond. Organisation of National and International Moot Court Competitions is the regular feature along with participation of its students in various National and International Moot Court Competitions. The students are always encouraged to participate in Workshops, Conferences, Debates and Seminars held at various institutes of repute, Law Schools and Universities, and a good number of students have actually participated and won prizes of recognitions.

The Seedling School of Law and Governance organizes subject specific moots as one of the best practices encouraging the students to be professionally competent, socially useful and technically efficient citizens for the nation. The curriculum and pedagogy being employed is reviewed and reformed in consonance with the outgoing changes. The in-depth studies of Laws of Sea, Banking Laws, Insurance Laws, Copyrights, Trademarks, Patents etc. equip the students of SSLG with additional vision to make a career in International field along with career in Mercantile Laws, Criminal Law and Constitutional Laws. The internship of the students with senior advocates, NGOs., Corporations and courts are with a clear intent is proactively responding to current changes and challenges in the society and helping future leaders who can contribute in accelerating sustainable economic, political and social environment of the nation.

5.	Other academic/co-curricular/extension activities	24

The School of Languages, Literature & Society is a vibrant academic community of readers, writers, thinkers, and educators dedicated to critical and creative engagement with a complex, plural world. At its core, the School views language and literature not merely as subjects of study, but as powerful forces that shape thoughts, imagination, identity, and social consciousness. Echoing Ludwig Wittgenstein’s assertion that “the limits of my language mean the limits of my world,” the School positions linguistic and literary inquiry as central to human understanding and expression.

Rooted in interdisciplinary and culturally informed pedagogy, the School offers a wide ranging curricular that spans Indian, British, American, Afro-American, Regional, and World Literatures, completing critical theory, comparative studies, translation, and cultural analysis. Students are equipped to examine the dynamic interaction between literary texts and their broader socio-historical, political, and ethical contexts, enabling them to explore questions of power, resistance, memory, ecology, and imagination etc.

The school is equally committed to creativity and critical play through seminars, colloquia, writing workshops, language lab, and organising outreach and community engagement events. The program fosters reflective, empathetic independence of thought preparing learners to participate meaningfully in open inclusive academic dialogue.

Beyond the classroom, the School actively bridges academic learning with community engagement and cultural practice. Initiatives such as the Literacy Campaign, Book Donation Drive and community outreach programs underscore the School’s belief in education as a tool for empowerment and social transformation. The major academic and Cultural events—include the Shakespeare’s Declamation Contest, the Pink City Championship of Public Speaking, Alumni meets, Competitive Exam Guidance Sessions, and Literary Roundtable Discussions, workshops, seminars, Literacy Campaign, Alumni Meet—provide students with platforms to hone communication skills, leadership, confidence, and good Samaritans. The school, under the aegis of the Young Readers’ and Writers’ Club, regularly conducts academic and literary events.

The school also places strong emphasis on student’s well-being, inclusivity, and ethical responsibility, as reflected in orientation programs, anti-ragging awareness campaigns, and celebrations of cultural diversity such as Basant Panchami, Christmas, Children day, Ganesh Chaturthi. Faculty members, as active researchers and committed mentors, foster dialogic classrooms where students are encouraged to question, create, and grow as scholars and citizens.

Ultimately, the School of Languages, Literature & Society, is more than an academic sphere—it is a space of belonging and intellectual encounter. It prepares students not only for academic and professional success, but for thoughtful, imaginative, and engaged lives shaped by language, literature & contribution to society and a deep respect for the richness of human experience.

The school stands not merely as a seat of learning but as a vibrant nursery of expression and confidence. With the establishment of its own Public Speaking Centre, the institution has created a dedicated space where young minds are trained to find their voices, refine their thoughts, and articulate their ideas with clarity and conviction. This initiative has significantly enriched the intellectual and emotional growth of the students, nurturing in them the twin virtues of eloquence and self-assurance. As they learn to speak with purpose and poise, they also learn to stand with confidence in the wider world.

The school was established in 2015 and provides numerous opportunities for our graduates to fill up niche areas of medical services that are always in high demand. Our graduates learn to help prevent, diagnose, and treat through care, compassion, and meaningful intervention. These healthcare professionals support physicians and nurses at various hospitals, community settings, laboratories, and research institutions. The school offers programmes approved by the Rajasthan State Allied and Healthcare Council.

Emphasizing evidence-based practices, research, innovations, and interdisciplinary collaboration, the school fosters a well-rounded education enabling graduates to address the unique needs of diverse patient populations.

The school has different well-equipped laboratories which are modernized and improved several times to give students better practical exposure. The associated 1100-bedded JNU hospital, a multi-specialty facility, serves as an excellent training ground for clinical learning. The school regularly organizes periodical lectures, workshops, and hands-on training sessions to promote professional growth in health-related fields. Its innovative teaching methods and flexible curriculum under the CBCS (Choice-Based Credit System) provide students with diverse learning opportunities, fostering educational skills, independence, and interdisciplinary knowledge.

The aim is not only to train allied health professionals but also to create healthcare workers who can make a positive impact on society's health challenges. The school's infrastructure, including clinic facilities and highly qualified faculty, supports the holistic development of its students. The diploma and undergraduate programmes are approved by the Rajasthan State Allied and Healthcare Council, ensuring high standards of education and training. Through its focus on research, mentorship, and global healthcare challenges, the school equips graduates to meet the evolving demands of the medical field and contribute significantly to the healthcare system.
