**Webinar on Judicial Services**

Seedling School of Law and Governance organized webinar session on "JUDICIAL SERVICE EXAMINATIONS" on 17<sup>th</sup> August, 2020 with guest speaker Justice Kishan Sandu, (Training).

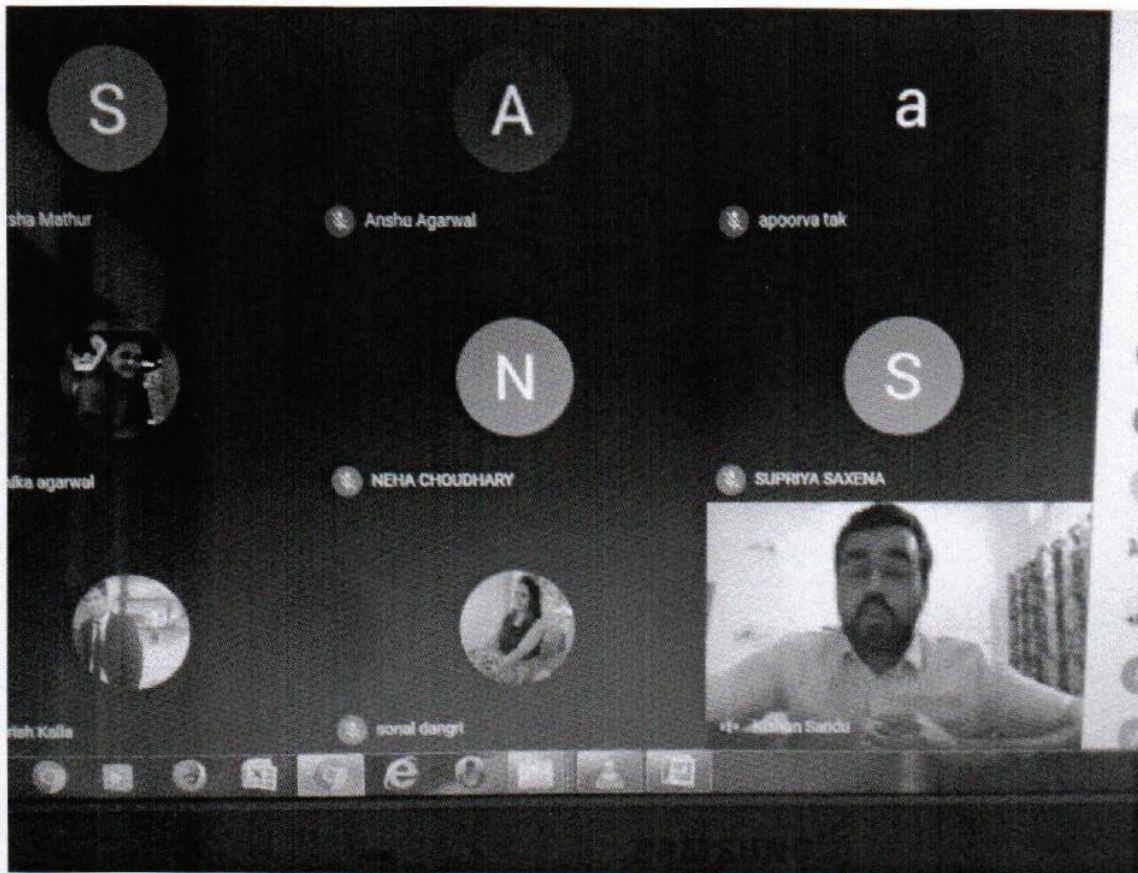

Justice Kisan Sandu spoke about the working OF Judicial System of India, Supreme Court, High Court, District Court, and Subordinate Courts. He also spoke about law and rules, challenging cases as a judge, a career in the Indian judiciary system, life after being in judiciary services, Job role and duties as a District & Sessions Judge.

Sandu said that the Judicial Services Examination provides a secure and comfortable tenure. Besides, it gives an opportunity to the selected candidates to serve the country. Around 50,000 to 60,000 candidates appear for Judicial Services Examination each year, but only those like Sandu who studied with a purpose and according to a plan, succeed. "In order to succeed in Judicial Services Examination, a candidate can either adopt the self-study mechanism or can take the assistance of a coaching institute. I joined a coaching institute in Delhi, which guided me throughout my preparation. For the Preliminary examination, the focus remains on the bare Act study thoroughly whereas, with regard to mains examination, conceptual clarity about the various concepts of law is needed," says Kishan Sandu. "As far as the interview is concerned, apart from the thorough knowledge about the current affairs as well as the basic general knowledge, the focus should be on various important concepts of laws as prescribed under IPC, CPC, CRPC and Evidence Act," he added.

The session was very interactive and students came up with questions.
